

AJIT WINDOWS PVT. LTD.,

Woodminium

Looks Like Wood, Acts Like Metal

# YOUR DREAM DESTINATION

FOR WINDOWS & DOORS

Built With Perfection

# ADVANTAGES OF ALUMINIUM WITH THE AESTHETICS OF WOOD

Presenting **Woodminium** from Ajit Windows, a concept so unique, that we actually had to coin a word for it.

Woodminium originates in a state-of-the-art plant, confirming to the highest quality standards using European technology. It is a technique of providing wood effect on aluminium offering all the advantages and looks of wood, be it the richness of mahogany, the burls & curls of walnut or the grains of teak through sublimation process. Woodminium can beautify your home interior or exterior space with its customizable patterns and sizes.

All architectural finishes meet global AAMA standards and are Qualideco and Qualicoat approved.

**WHILE WOOD LOOKS GOOD, IT COMES WITH ITS OWN SET OF CHALLENGES. WOODMINIUM ADDRESSES ALL THESE ISSUES EFFECTIVELY!**

CONSTRAINTS OF WOOD	ADVANTAGES OF WOODMINIUM
 Wood requires regular polishing & maintenance	 Easy to clean and needs no maintenance
 Over time, wood tends to deteriorate	 Termite / borer free with exceptional durability
 Wood is also prone to termites, borers & fungi	 Infinitely recyclable - making it a sustainable choice for conscious individuals
 Age, temperature & environmental humidity can make wood warp	 Its fire-retardant properties make it safe to use everywhere.
 Wood being a flammable material, it is not suitable for application where fire safety is a concern	 Resistant to atmospheric conditions & UV rays, it is highly suitable for exterior applications.

Come rain or shine, **Woodminium** will continue to look as **good as new!**

# Windows and Doors, Engineered for a Lifetime

## Woodminium, Your Assurance!

### SLIDING WINDOWS & DOORS

A perfect blend of functionality and durability; the sliding series are low in maintenance and offer premium look. It comes with sliding sash, sliding mesh, rollers and aluminium track, that makes it smooth to handle. Our fabricated windows come with durable handles, lock options and sashes that slide back and forth. They conveniently slide with a simple push.

### CASEMENT WINDOWS & DOORS

Designed to complement both traditional and modern architecture to offer better view, ventilation and make a statement in style while protecting against environmental hassles. They are openable inward or outward, double hung with customized hardware and handles.

### TOP HUNG & FIXED WINDOWS

Hinged at the top, versatile windows offer easy access and comfort, ideal for bathrooms or corridors. Fixed windows, great for any room, provide unobstructed views, sound insulation and weather protection. Adding aesthetic appeal to elevations, fixed windows bring in abundant natural light, while being cost-effective. Perfect for large openings, standalone or combined.

### SLIDING & FOLDING DOORS

These doors effortlessly merge indoor and outdoor spaces, expanding areas with a wide opening when folded. Functional and stylish, they boast interlocking sashes for strength, catering to classic or modern homes. Weatherproofing gaskets minimize draughts and leaks. Fully customizable, as it comes with or without threshold. These systems are gaining popularity among homeowners.

# Setting Standards, Crafting Comfort

## Woodminium, A Mark of Excellence!

### PARALLEL WINDOW

A unique conceptual window that is designed to provide ample ventilation with a minimum opening. The parallel window is installed with special hardware, casement handles for smooth operation and secure closing.

### FRENCH WINDOWS & DOORS

Beautiful and aesthetically placed Georgian bars cater a European look for your spaces. Any type of windows or doors can be upgraded to French style, in your favorite choice of colour. Ideal for openings with garden, kitchen, interior partitions or fixed windows. You have to see it to believe its simplicity and beauty which seldom fails to impress you.

### SLEEK WINDOWS & DOORS

Slim, sleek, seamless look with superior strength is what these series epitomize. These series have concealed handles, and no hardware is visible. Frames of the doors are concealed within the walls, maximizing natural light in the room. A perfect blend of functionality and durability, the sliding series offers a premium look instantly. Sleek series can be used for sliding or fixed windows/doors.

### BAFFLES

Baffles are ideal for creating a unique atmosphere within a room. They are particularly suited for installation on concrete ceilings where a distinctive design is required or for adding an interior/exterior element to any home. Both style and spacing are customizable. No surprise why they are increasingly gaining popularity amongst architects and home owners

# Durable, Safe, and Beautiful

## Woodminium Windows, Your Shield of Serenity!
